

INDUS Job Requisition

Job Requisition Number: 20151119B	
Job Title: Computer Systems Analyst	Salary Range: \$30.00 per hour – negotiable
Work Location: San Diego, CA; Naval Undersea Warfare Detachment at Naval Base San Diego	
Relocation Assistance: None	
Employment Type: Full-Time or Part-Time	Security Clearance: Secret
Posted Date: 19 November 2015	Closing Date: When Filled
<p>Mandatory Skill Requirements (must have): Software development for creating and modifying databases/spreadsheets in Visual Basic for MS Access, MS Excel, and SharePoint applications, in addition to normal populating of the products. An existing Secret security clearance required.</p>	
<p>Desired Skill Requirements: Other Microsoft software applications (Word, PowerPoint) are a positive. Knowledge of Navy Ship Test Programs, such as SESEF, MSF, SSRNM, and MK 30 Anti-Submarine Warfare (ASW) targets a plus.</p>	
<p>Job Duties: Software development and data management duties include: Creating, maintaining, and populating several databases/spread sheets supporting the Detachment's Test and Evaluation Programs. The existing databases include: Hawklink Test Database, Magnetic Silencing Database (MSDS), SESEF Data Reporting (ISEA) Database, MK 30 OSDS, Tech Brief Database, and Financial Weekly Planning Database, including manipulation of ERP. The incumbent supports routine updates for data input, database modifications as required, generating reports from the databases as requested, and providing weekly financial reports and monthly SESEF test reports. Additionally, when new requirements arise, new databases will need to be created requiring an understanding of basics of constructing algorithms, in addition to writing the appropriate code.</p>	
<p>Education/Equivalent: Thorough knowledge of computer programming of complex applications (e.g., Visual Basic for Applications) obtained through a degree in Computer Science or Mathematics with emphasis on programming and constructing algorithms. Applicants with an alternate learning process of complex computer programming will be considered.</p>	
<p>Travel Required: None</p>
