

Engility's business strategy is based on an economic model that provides precisely the services needed at the best possible cost. Our portfolio of offerings reflects a lifecycle of capabilities that aligns with the critical priorities of the U.S. Government, both domestically and globally as well as state and local governments. We support our customers with a wide range of specialized technology and mission expertise. We are organized to be agile and adaptive, allowing us to deliver the resources and services required to meet current and evolving customer needs efficiently and effectively. Launched in July 2012 as a spin-off company of L-3 Communications, Engility possesses more than 58 years of combined experience across over 70 different legacy companies. **You're Mission.** Whatever the role, when and where you need support. **Our Commitment.** We ensure that our customers have exactly what they need to meet their most critical challenges.
