

Back-to-School Resources

Did You Know?

- Roughly 80% of military kids attend public schools in every school district in the country.
- On average, military kids will experience between 6 and 9 relocations during their school career, with the average military family relocating once every 2 to 3 years. This means each military kid can expect to attend between 6 and 9 different schools between when they're in Pre-K through 12th grade.
- About 28% of military families have chosen to homeschool their children due to educational inconsistencies.
