

Shared Storytime, no matter the distance

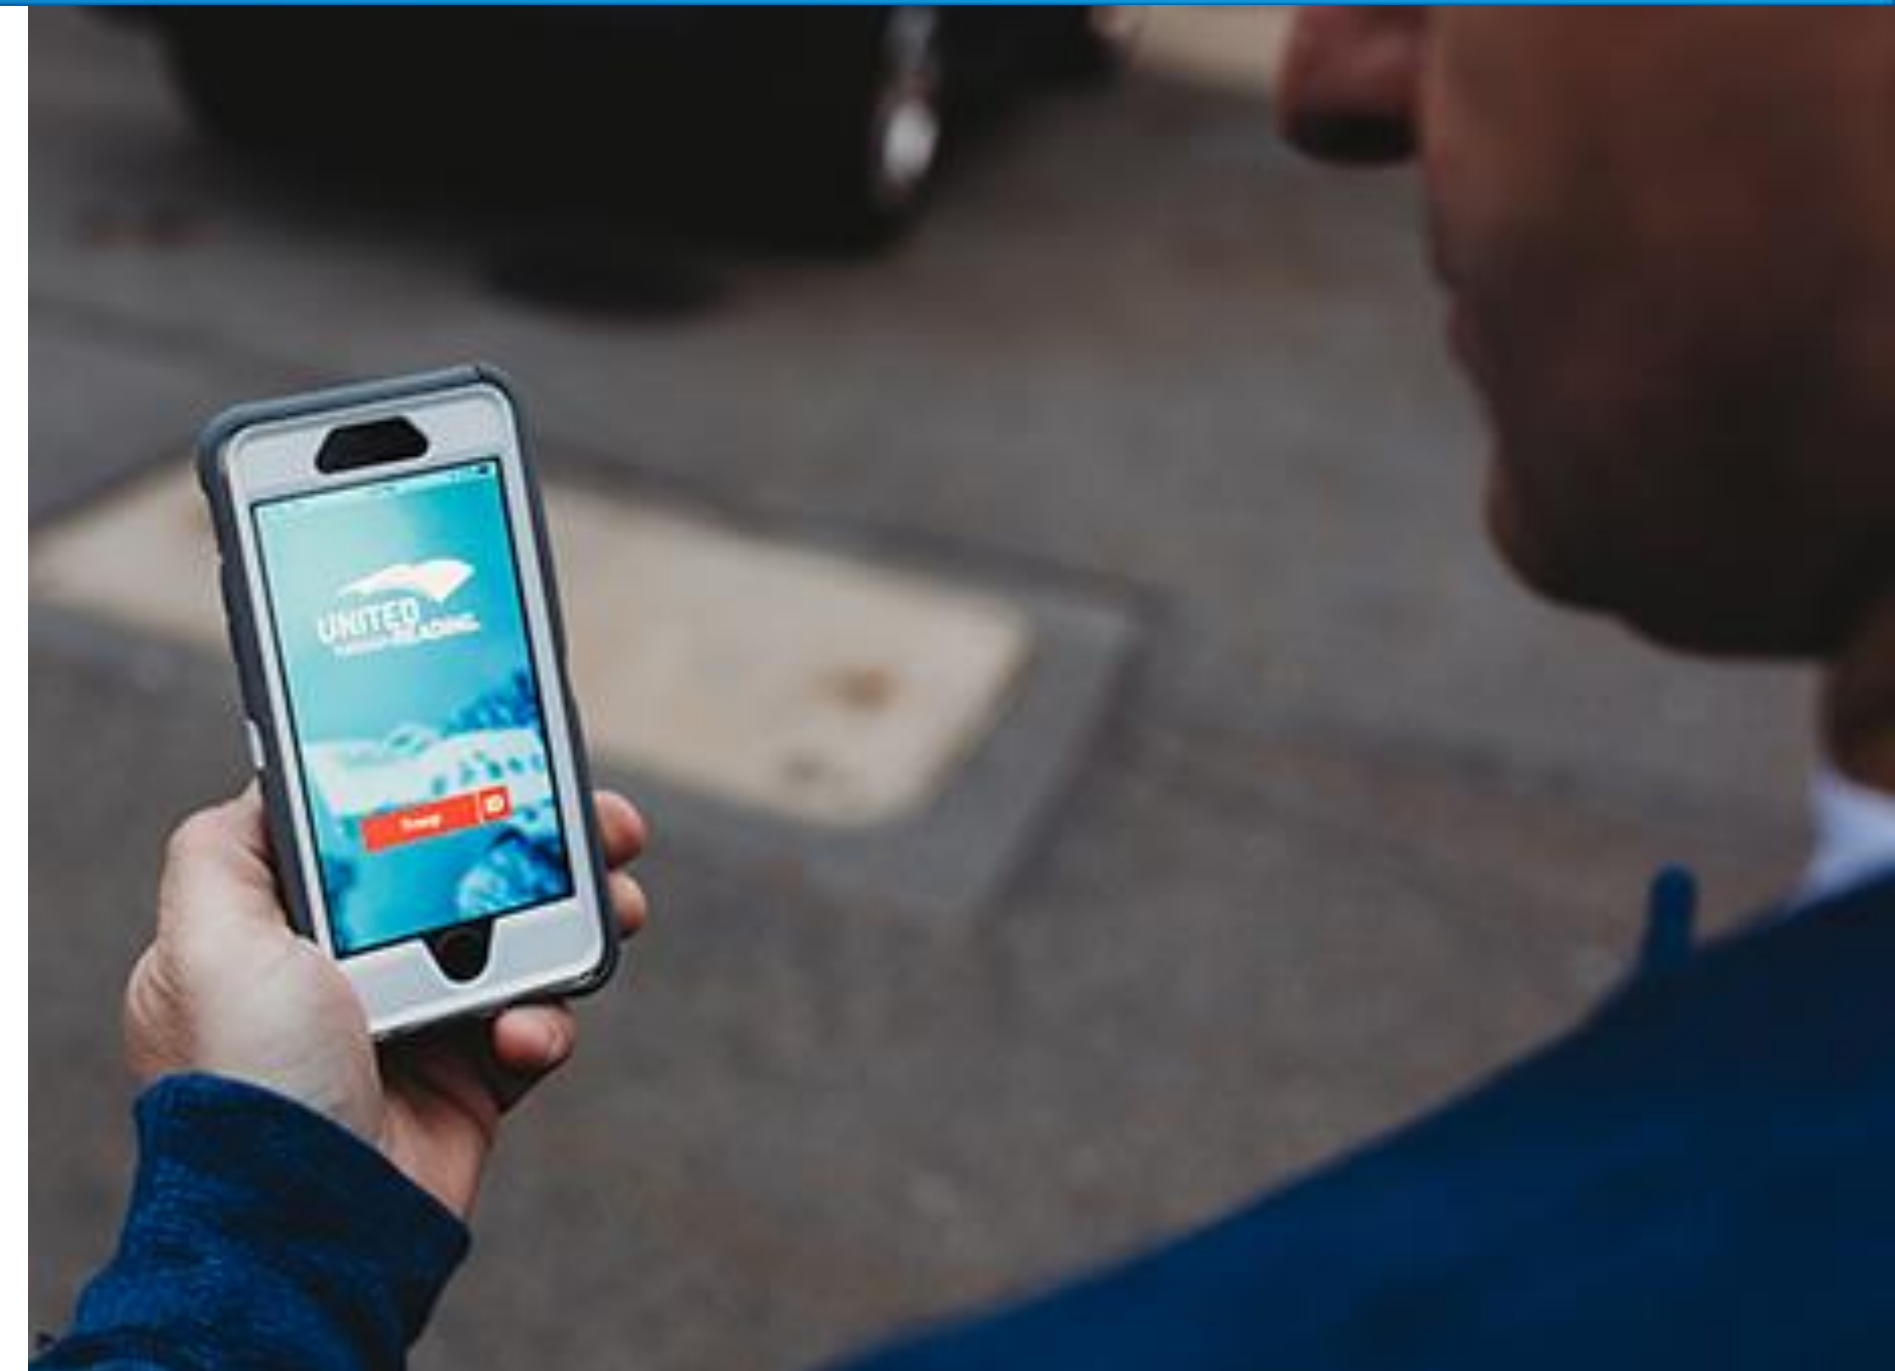

Always be part of storytime by using the FREE and SECURE United Through Reading (UTR) App. No matter where you are in the world, use the app to video record yourself reading a book to the children in your life and instantly send the recording home. Upon request UTR will mail a FREE copy of the same book to the children so they can read along with you anytime they want.

Why make a UTR App recording:

- *Stay connected during any separation*
- *Remain part of the daily routine*
- *Support caregivers at home*
- *Encourage literacy*
- *Easy and convenient to use*

It only takes a few minutes to create a lasting connection and lifelong memory.
