

CHILDCARE ASSISTANCE

ABOUT THE PROGRAM

Foundation for Women Warriors' Childcare Assistance program provides stipends for daycare (children ages 0-5), camp assistance (summer, winter, and spring), as well as COVID-19 distance learning, learning pods, and hybrid learning. This program allows working or student veteran mothers to maintain employment and pursue their educational goals while offsetting the cost of childcare. Stipends are paid directly to licensed care providers.

"Foundation for Women Warriors has made it possible for me to continue working. I have been looking for affordable day care or a Summer day camp. I cannot afford to take time off work to take care of my son...I was hesitant to apply but figured as I too am a female veteran in need I would apply. I remember reading the email stating I would be receiving a one time assistance I was beyond happy and relieved! I cannot express how thankful I am to be receiving this help".
